

SECOND MEXICAN  
REVOLT BREWINGSecretary of the Interior Gomez  
Is Dismissed.

ENRAGES REBEL OFFICERS

Openly Declare They Will Recall Their  
Followers and Lead Them in Second  
Insurrectionary Movement—Reported  
Several Have Already Left Mexico  
City to Gather Together Their  
Forces.

Mexico City, Aug. 3.—Enraged by  
the dismissal of Emilio Vasquez,  
Gomez from the post of secretary of  
interior numerous former officers of  
the revolutionary army openly de-  
clared that they would recall their fol-  
lowers and lead them in a second re-  
bellion.

It is reported a few of the insur-  
recto ex-officers have left the city to  
gather their forces.

Not since the days when the revo-  
lutionists were negotiating with  
agents of the Diaz government for  
peace have the affairs of Mexico been  
in such a snarl.

SIMON AGREES TO RESIGN

Haytian President Preparing to Leave  
Port au Prince.

Port au Prince, Hayti, Aug. 3.—  
With the declaration of a three days'  
armistice the regime of President  
Simon will come to an end. He has  
agreed to resign and is preparing to  
leave the city. His wife, their chil-  
dren and many of the president's fol-  
lowers have already embarked.

Chief of Police Saint Lo, with an  
escort of police, attempted to board a  
steamer at the wharf when the party  
was attacked by a mob. Five per-  
sons were killed and six others wound-  
ed in the fighting on the water front.  
Saint Lo and his escort managed to  
embark.

The revolutionists have cut off the  
main and shut off Port au Prince's  
water supply. Followers of General  
Firmin, one of the revolutionary lead-  
ers, occupy all the important positions  
in the capital. A committee of safety  
has been organized to maintain order  
and the populace is greatly excited.

BREAK POWER OF ENGLAND

Austrian Statesman's Speech Causes  
a Sensation.

Vienna, Aug. 3.—A sensation was  
caused here when it was learned that  
Herr Sylvester, president of the lower  
house of the Austrian parliament, in  
speaking at Salzburg, declared that  
Austria, France and Italy should unite  
to break the power of England, "which  
is constantly interfering in political  
matters all over the world."

He said this would not be very pal-  
atable to England, but as president of  
the newly elected parliament he felt  
bound to express these sentiments.  
Herr Sylvester urged closer relations  
between Austria and Italy and de-  
clared that the Adriatic sea belonged  
to the countries bordering it.

The speech has caused a political  
sensation and was regarded here as  
certain to lead to a demand from  
England for Sylvester's dismissal and  
may intensify the Anglo-German sit-  
uation.

TO MANAGE MEXICAN ROAD

John F. Stevens, Formerly With Hill,  
to Go South.

Portland, Ore., Aug. 3.—According  
to a prominent business man of this  
city, who is a close friend of John F.  
Stevens, former head of the Hill rail-  
roads in the Pacific Northwest, Mr.  
Stevens is to become personal repre-  
sentative of the syndicate in the con-  
trol of the National railway of Mexico.

It is said that Mr. Stevens will as-  
sume the management of the road im-  
mediately following his return from  
Europe.

PROBE FRAUD IN NAVY YARD

Storehouse Attache Loans Six Good  
Pine Boards to Outsider.

Washington, Aug. 3.—Alarmed by  
recent reports of extensive frauds in  
the storehouse of the Mare Island  
navy yard Acting Secretary of the  
Navy Winthrop ordered a rigid in-  
vestigation, with the result that a vol-  
uminous report proves conclusively that  
six good pine boards were loaned by a  
storehouse attache, without authority,  
to some one not connected with the  
navy. The boards have been returned.  
There will be no court martial.

Ten Business Buildings Burn.

Polk, S. D., Aug. 3.—The entire  
business section on the west side of  
Main street in Polk, a town of 300  
inhabitants on the Soo line, in Camp-  
bell county, was wiped out by fire.  
Ten buildings were burned at an es-  
timated loss of \$75,000.

English Aviator Is Killed.

London, Aug. 3.—Germald Napier, a  
young English aviator, met death  
while flying with a passenger at  
Brooklands. A sudden gust of wind  
dropped his machine to the ground,  
killing him instantly. His companion  
escaped uninjured.

JOHN JACOB ASTOR.

Is Engaged to Marry  
Young New York Girl.

JOHN J. ASTOR TO WED AGAIN

Will Be Married to Madeline Force of  
New York.

New York, Aug. 3.—Announcement  
is made of the engagement of Colonel  
John Jacob Astor, divorced from his  
first wife about a year ago, to Miss  
Madeline Talmage Force, aged eight-  
een, daughter of William H. Force, a  
wealthy man. Colonel Astor was mar-  
ried to Miss Ava Willing of Philadel-  
phia in 1891. There are two children.  
Miss Ava Alice Astor, and William  
Vincent Astor.

It is understood that the wedding  
will take place early in the fall and  
that immediately afterwards the  
couple will start on a round the world  
wedding trip.

WHITE EARTH PROBE  
HALTS TEMPORARILYCommittee Adjourns Subject to  
Call of Chairman.

Washington, Aug. 3.—At the con-  
clusion of the day's meeting of the  
committee on expenditures in the in-  
terior department the investigation of  
conditions on the White Earth agency  
was practically completed for the  
present. The committee adjourned  
subject to the call of the chairman. It  
is believed no other witnesses will be  
heard in the White Earth case until  
October or November.

Only two witnesses were heard. One  
was a Chippewa Indian girl, Isabel  
Warren, who told how she was in-  
duced to sell her land for \$300, only  
\$100 of which she has received so far.  
She said that the purchaser of the  
land had also taken the trust patent  
to her mother's allotment to be held  
until Isabel was of age, so that in  
case he had to forfeit the girl's land  
he would still have control of the  
mother's property.

The other witness was Albert L.  
Thompson, a lawyer of White Earth.  
He appeared as a representative of  
the commercial bodies of Detroit,  
Mahomet, Waubesa and other com-  
munities. He declared that business  
had been prostrated by the govern-  
ment's suits brought by the govern-  
ment against purchasers of White  
Earth land.

A shoot-the-chute, rings, etc., add  
to the enjoyment of the swimming  
periods. For the boys who like fish-  
ing, black bass, perch, croppies and  
pickereels are to be had. Several fish-  
ing expeditions are planned to near  
by lakes, and on these little trips boys  
will have an opportunity to make  
their own camp and do their own  
cooking. There is also a fleet of good  
row boats and canoes and instruc-  
tion is given in their proper use. The  
minstrel show, entertainments, corn  
roasts, marshmallow roasts, ice cream  
socials, basket and baseball, athletics  
quits and a host of other good things  
go to fill every minute of the time  
with healthful enjoyment.

In the headquarters tent is found  
the camp library, phonograph, maga-  
zines and writing tablets. An ath-  
letic contest for younger and older  
boys is held each year, also an ac-  
quatic meet and prizes are awarded  
the winners. To win the Camp Mil-  
ler emblem is the ambition of every  
camper. It is an emblem made in  
the colors of the camp with the let-  
ters C. M. on it, and it is an honor  
well worth working for. To win it  
a boy has to secure 300 points out of  
a possible 350.

Points are given for the following:  
Swim fifty yards, 2 points; swim 100  
yards 2 points; win place in athletic  
contest 2 points; pass first aid exam-  
ination 5 points; sleep out all night  
and put up temporary tent 5 points;  
take part in entertainment, 5; take  
picture of animal, 5; name and iden-  
tify ten trees, 5; identify twenty-five  
different kinds of flowers, 10; press  
and mount twenty-five different kinds  
of flowers, 10; mount five different  
kinds of butterflies, 5; tie ten differ-  
ent kinds of knots, 5; listen to story  
read and write up in your own words,  
10; light a fire with one match, 3;

Stones as Big as Hens' Eggs Pelt Ot-  
ter Lake, Mich., Settlers.

Houghton, Mich., Aug. 3.—Farmers  
arriving here from the settlement of  
Otter Lake reported that a severe  
hail storm, which extended over that  
part of Michigan, amounted to bomb-  
ardment. Some stones were as large  
as hens' eggs and drove people to  
shelter. One farmer showed a large  
lump on his head as his souvenir of  
the shower, a big stone having almost  
struck him. One man was injured in  
a runaway resulting when a horse  
was struck by heavy hail stones.

Scratch on Thumb Proves Fatal.  
Winnipeg, Aug. 3.—E. B. Lemon, in  
the early days a prominent oarsman,  
registrar of insurance in Manitoba,  
died following a scratch on the ball  
of his thumb which necessitated an  
operation in the hope of cutting off  
the infection before it spread to the  
body.

Four Killed in Explosion.  
Bluefield, W. Va., Aug. 3.—Four  
miners were killed and nine injured  
by an explosion in the mine of the  
Standard Pocahontas Coal company at  
Shannon.

DEMONSTRATION  
FOR UNDERWOODHouse Democrats Wildly Applaud  
Popular Leader.

CALLS BRYAN A FALSIFIER

Alabama Congressman Declares That  
Nebraskan's Interview Charging Him  
in Recent Caucus of Defeating a  
Resolution to Revise the Iron and  
Steel Schedule Is Absolutely Untrue  
From Beginning to End.

Washington, Aug. 3.—The Demo-  
crats of the house of representatives  
repudiated William J. Bryan and the  
things for which he stands. Amid  
scenes of wild excitement they de-  
throned their ancient idol and elevated  
Representative Oscar Underwood,  
the ways and means chairman and  
majority leader, to his place.

The inevitable effect of this, say the  
wise politicians, will be to give  
marked impetus to the Harmon presi-  
dential boom. It cannot be otherwise,  
it is pointed out, inasmuch as Bryan  
and Harmon and Bryan and Under-  
wood are irreconcilably on the "outs,"  
while Underwood and Harmon are  
both conservatives, ready to unite for  
the common good against those radical  
policies, which, enunciated by the  
Nebraskan, have, in their opinion,  
wrecked the party the three times he  
made the race.

The unexpected and dramatic dem-  
onstration made it quite apparent that  
Underwood is the biggest man in the  
house of representatives, not excepting  
the speaker. This means that he will  
be a big factor in selecting the  
party standard bearer in 1912. He will,  
of course, be the first choice of the  
Alabama delegation, but there are the  
best of reasons for believing that Har-  
mon will be next on the list. Ken-  
tucky will be for Underwood, with  
Harmon next, Indiana will be for Mar-  
shall, with Harmon next, and New  
York probably for Harmon in the first  
instance.

Bryan a Negligible Factor.

Taken all in all it seems quite prob-  
able that the proceedings in the house  
will have a more important and last-  
ing effect upon the big incidents of  
next year than can now be estimated.  
Certainly every phase of the demon-  
stration indicated that Bryan, so far  
as the house of representatives is con-  
cerned, is a negligible factor.

During all the excitement Speaker  
Clark sat in the presiding officer's  
chair apparently forgotten. He nodded  
his head when Underwood declared  
that he had never been on the "outs."  
With the speaker and that there was  
no possibility that he ever would be  
over the tariff or anything else. But it  
is not considered probable that Mr.  
Clark feels any too happy over the ab-  
solute repudiation by the Democratic  
side of Bryan, who has long been his  
idol and who, it is understood, is ex-  
tremely favorable to him as the Demo-  
cratic presidential nominee next year.

The remarkable scene in the house  
had its beginning when Mr. Under-  
wood, rising to a question of personal  
privilege, declared that Mr. Bryan's  
authorized interview, given out in Lin-  
coln, was a falsehood from beginning  
to end.

In that interview Mr. Bryan charged  
that at the recent Democratic caucus  
on the cotton bill Mr. Underwood, ow-  
ing to his financial interest in the iron  
and steel industry, had defeated a  
resolution proposing the revision of  
this schedule, that he had put himself  
at the head of the opposing forces to  
Speaker Clark's tariff program and  
that he was on the outs with the lat-  
ter.

House Rocks With Applause.

It was apparent from the very be-  
ginning that the house was entirely  
in sympathy with Mr. Underwood.  
For five minutes after he rose to his  
feet and announced that he intended  
to answer the Bryan charges the hall  
of the house rocked with applause.  
The untired democracy shouted,  
screamed, waved handkerchiefs,  
clapped its hands and stamped its  
feet.

Then, as the majority leader pro-  
ceeded with his statement branding  
the Bryan arraignment as a lie born  
of the differences between Bryan and  
Underwood, over the wool schedule  
and proving, not only by his own state-  
ment but by testimony of his col-  
league on the ways and means com-  
mittee that he repeatedly attempted  
to obtain revision of the iron and steel  
schedule ahead of cotton and wool,  
the Democratic side went crazy.

Not a voice was raised in Mr. Bry-  
an's defense. Even Claude Kitchin,  
the man mentioned in Bryan's inter-  
view who would substantiate his at-  
tacks on Underwood, repudiated the  
Nebraskan absolutely, declaring there  
was not a word of truth in his charges  
against the majority leader and sug-  
gested that he was the "most badly  
misinformed man in all the wide  
world."

At the conclusion of Mr. Under-  
wood's statement he was forced to  
hold an impromptu reception on the  
floor of the house, while practically  
every member on the Democratic side  
filed by to congratulate him and  
shake his hand.

Looks That Way.  
"I put my foot right down on the  
whole business."  
"You V-toed it, eh?"

WILLIAM J. BRYAN.

Democrats Repudiate Him.

REVISE THE STEEL SCHEDULE

Possible Result of Bryan-Underwood  
Controversy.

Washington, Aug. 3.—As a result of  
the charges and counter charges be-  
tween Democratic Leader Underwood  
and William J. Bryan over Under-  
wood's position on the iron and steel  
schedule it is said to be possible a re-  
vision of these schedules will be  
added to the Democratic program for  
this session.

Leaders in both houses of congress  
believe an agreement will be reached  
quickly on both the wool and farmers'  
free list bills, both of which the pre-  
sident is said to be as determined as  
ever to veto.

CALLS TAFT HONEST  
BUT TOO CREDULOUSDemocrat Declares President Has  
Mournful Comforters.

Washington, Aug. 3.—Declaring that  
he desired to defend President Taft  
because the president "has no one in  
his own party to say a word in his be-  
half," Representative Burnett of Ala-  
bama, Democrat, said in the house  
that "the only trouble with the pre-  
sident is, being honest himself, he is too  
credulous."

"No honest man, as I believe Mr.  
Taft is," Mr. Burnett said, "ever had  
such mournful comforters since the  
days of Job. I have no doubt that his  
daily prayer is that Wickersham and  
Hitchcock will do as Ballinger did."

Mr. Burnett said Secretary of Agri-  
culture Wilson was another honest  
man to fall a victim to bad advisers  
and that consequently the downfall of  
Dr. Wiley, "who has so often stood  
between murders and the people," had  
almost been accomplished.

MAINE VICTIM IDENTIFIED

Bones of Assistant Engineer Merritt  
Among Those Recovered.

Havana, Aug. 3.—The bones found  
in the wardrobe of the battleship  
Maine, which were believed to be the  
remains of Assistant Engineer Mer-  
ritt, were fully identified. The identi-  
fication was based on the configura-  
tion of the skull.

The bones were discovered at the  
precise spot at which Midshipman  
Boyd testified he and Merritt had been  
separated by the rush of water while  
struggling to make their way from the  
junior officer's wardrobe to the main  
deck.

Many personal effects were found,  
including Lieutenant Jenkins' re-  
volver with his name engraved on it, one  
shotgun, cutlasses and rifle and a  
quantity of minor objects.

Stork's Visits Become Fewer.

Pasadena, Cal., Aug. 3.—This city,  
said to be the home of more wealthy  
people than any of its size in the  
world, is facing a baby famine. Statis-  
tics for July show that forty-eight  
little strangers came to gladden the  
hearts of its 40,000 inhabitants. Local  
health authorities say that 200 babies  
per month would be a minimum nor-  
mal estimate.

HINES TALKS ABOUT PROBE

Says Diabolical Cooked Up Scheme  
Has Been Punctured.

Duluth, Aug. 3.—"The whole cooked  
up diabolical plot has been punc-  
tured," declared Edward Hines, pre-  
sident of the Virginia and Rainy Lake  
company here, in discussing the Lorimer  
probe.

"I left Washington Monday night,"  
he said, "and the testimony offered  
there, all of which was strongly cor-  
roborative, absolutely disproves the  
charges made."

Five Million Mark Passed.

New York, Aug. 3.—The population  
of New York city passed the 5,000,000  
mark on Aug. 1, according to figures  
prepared by the health department.  
The statistician estimates that the  
city now has 5,000,400 residents, a  
gain of about 230,000 for the past  
year.

MACLEAN LEAVES IOWA "U"

Retiring President Will Sail on Aug.  
12 for Scotland.

Iowa City, Ia., Aug. 3.—President  
George E. MacLean, for the last  
twelve years head of the State Uni-  
versity of Iowa, has delivered the  
keys of the state university to "Uncle  
Jimmie" Berry, keeper of Iowa field,  
and thus ended his connection with  
the university as the executive head.  
He left at once for Troy, N. Y., and  
on Aug. 12 will sail for Scotland,  
where he will spend the fall and win-  
ter in study and travel. Mrs. Mac  
Lean will accompany him.

President Elect John G. Bowman  
took charge of the university.

SHOP EMPLOYEES TO STRIKE

Two Hundred Men May Quit Rock  
Island at Valley Junction.

Valley Junction, Ia., Aug. 3.—Unless  
the management of the Rock Island  
railway will consent to recognize the  
Federation Trades union, composed of  
the machinists, boiler-makers, car men  
and the helpers of the first two or-  
ganizations, not later than Friday, a  
general strike of shopmen at Valley  
Junction is threatened.

While the company is understood to  
have no objection to treating with rep-  
resentatives of each union mentioned  
it has refused for several months to  
extend recognition to the same unions  
in a federated capacity.

The controversy has been the sub-  
ject of negotiations between the com-  
pany and the employees for several  
months, but to date without definite  
results. More than 200 men are af-  
fected.

WILKERSON HAS NEW JOB

Noted "Trust-Buster" Is Now United  
States District Attorney.

Chicago, Aug. 3.—James H. Wilker-  
son, noted as a "trust buster" in all  
the trust prosecutions in the Chicago  
district as a special assistant to the  
attorney general of the United States,  
has taken up his duties as United  
States district attorney, succeeding  
Edward Sims, who had held the position  
for five years.

Grant B. Schley Tells of His  
Firm's Difficulties.

TRIP OF GARY AND FRICK

Steel Corporation Officials Took Mid-  
night Train From New York During  
Financial Panic of 1907 to See Pres-  
ident Roosevelt Regarding Taking  
Over the Tennessee Coal and Iron  
Company.

New York, Aug. 3.—When Judge El-  
bert H. Gary and Henry C. Frick of  
the United States Steel corporation  
took a midnight train from New York,  
during the financial panic of 1907, to  
see President Roosevelt in Washing-  
ton about the taking over of the Ten-  
nessee Coal and Iron company by the  
steel corporation in order to avert the  
crash of the brokerage firm of Moore  
& Schley, Grant B. Schley, one of the  
most interested participants in the  
proposed transaction, knew nothing  
about the White House expedition.

Mr. Schley, who was one of the or-  
ganizers of the Tennessee Coal and  
Iron syndicate and its associate man-  
ager, so informed the house commit-  
tee of inquiry into the affairs of the  
steel corporation. He further sur-  
prised the committee by the admis-  
sion that he could not say whether  
the transfer of Tennessee Coal and  
Iron stock, upon which the brokerage  
firm had made heavy loans, was the  
means of preventing the financial de-  
mise of his brokerage business.

Though denying any knowledge of  
the existence of an alleged conspiracy  
on the part of J. Pierpont Morgan and  
his interests of the United States  
Steel corporation, or both, to discredit  
Tennessee Coal and Iron stock so  
that the steel corporation could ac-  
quire the vast holdings of ore and  
coal in the Birmingham district Mr.  
Schley averred that when the trans-  
fer of Tennessee stock to the steel  
corporation was suggested, in order to

Clear Up a Bad Money Situation

In New York, he had pictured to  
George W. Perkins, a member of the  
finance committee of the steel cor-  
poration, how Tennessee Coal and  
Iron would be of enormous value to  
his corporation; how its vast ore and  
coal holdings were invaluable and  
how its acquisition would enable the  
corporation to enter the Southern  
steel market actively.

Representative Marth W. Littleton  
interrogated Mr. Schley for hours and  
was followed by Representatives Stan-  
ley, chairman; Young of Michigan,  
Sterling of Illinois, Bartlett of Georgia  
and other members of the committee.  
After inquiring into the preliminary  
history of conditions which led up to  
the sale in 1907 Mr. Littleton asked  
Mr. Schley if he had, prior to the ne-  
gotiations which are now a matter of  
history, gone to J. Pierpont Morgan  
and disclosed to him his control of  
Tennessee Coal and Iron company stock.

"I never did," Mr. Schley replied.  
"Now, Mr. Schley, there has been  
much conflicting opinion about the sit-  
uation. Was the firm of Moore &  
Schley facing failure at the time of  
this transaction?"

"The situation was serious. No one  
could tell what the morrow would  
bring forth."

"Were you involved more than other  
brokers?"

"Our loans were more extended  
than they ought to have been."

Secretary Fisher Revives Old Bureau  
of Railroads.

Washington, Aug. 3.—The old bu-  
reau of railroads, which was estab-  
lished in the interior department in  
the early eighties for the purpose of  
looking after the earnings of railroads  
that received financial assistance from  
the government, was revived by Sec-  
retary Fisher. About fifteen railroads  
are affected by the order.

ENRAGES REBEL OFFICERS

Openly Declare They Will Recall Their  
Followers and Lead Them in Second  
Insurrectionary Movement—Report-  
ed Several Have Already Left Mexi-  
co City to Gather Together Their  
Forces.Mexico City, Aug. 3.—Enraged by  
the dismissal of Emilio Vasquez,  
Gomez from the post of secretary of  
interior numerous former officers of  
the revolutionary army openly de-  
clared that they would recall their fol-  
lowers and lead them in a second re-  
bellion.It is reported a few of the insur-  
recto ex-officers have left the city to  
gather their forces.Not since the days when the revo-  
lutionists were negotiating with  
agents of the Diaz government for  
peace have the affairs of Mexico been  
in such a snarl.

SIMON AGREES TO RESIGN

Haytian President Preparing to Leave  
Port au Prince.Port au Prince, Hayti, Aug. 3.—  
With the declaration of a three days'  
armistice the regime of President  
Simon will come to an end. He has  
agreed to resign and is preparing to  
leave the city. His wife, their chil-  
dren and many of the president's fol-  
lowers have already embarked.Chief of Police Saint Lo, with an  
escort of police, attempted to board a  
steamer at the wharf when the party  
was attacked by a mob. Five per-  
sons were killed and six others wound-  
ed in the fighting on the water front.  
Saint Lo and his escort managed to  
embark.The revolutionists have cut off the  
mains and shut off Port au Prince's  
water supply. Followers of General  
Firmen, one of the revolutionary lead-  
ers, occupy all the important positions  
in the capital. A committee of safety  
has been organized to maintain order  
and the populace is greatly excited.

BREAK POWER OF ENGLAND

Austrian Statesman's Speech Causes  
a Sensation.Vienna, Aug. 3.—A sensation was  
caused here when it was learned that  
Herr Sylvester, president of the lower  
house of the Austrian parliament, in  
speaking at Salzburg, declared that  
Austria, France and Italy should unite  
to break the power of England, "which  
is constantly interfering in political  
matters all over the world."He said this would not be very pal-  
atable to England, but as president of  
the newly elected parliament he felt  
bound to express these sentiments.  
Herr Sylvester urged closer relations  
between Austria and Italy and de-  
clared that the Adriatic sea belonged  
to the countries bordering it.The speech has caused a political  
sensation and was regarded here as  
certain to lead to a demand from  
England for Sylvester's dismissal and  
may intensify the Anglo-German situ-  
ation.

TO MANAGE MEXICAN ROAD

John F. Stevens, Formerly With Hill,  
to Go South.Portland, Ore., Aug. 3.—According  
to a prominent business man of this  
city, who is a close friend of John F.  
Stevens, former head of the Hill rail-  
roads in the Pacific Northwest, Mr.  
Stevens is to become personal repre-  
sentative of the syndicate in the con-  
trol of the National railway of Mexico.  
It is said that Mr. Stevens will as-  
sume the management of the road im-  
mediately following his return from  
Europe.

PROBE FRAUD IN NAVYARD

Storehouse Attache Loans Six Good  
Pine Boards to Outsider.Washington, Aug. 3.—Alarmed by  
recent reports of extensive frauds in  
the storehouse of the Mare Island  
navy yard Acting Secretary of the  
Navy Winthrop ordered a rigid inves-  
tigation, with the result that a volu-  
minous report proves conclusively that  
six good pine boards were loaned by a  
storehouse attache, without authority,  
to some one not connected with the  
navy. The boards have been returned.  
There will be no court martial.

Ten Business Buildings Burn.

Pollock, S. D., Aug. 3.—The entire  
business section on the west side of  
Main street in Pollock, a town of 300  
inhabitants on the Soo line, in Camp-  
bell county, was wiped out by fire.  
Ten buildings were burned at an esti-  
mated loss of \$75,000.

English Aviator Is Killed.

London, Aug. 3.—Germald Napier, a  
young English aviator, met death  
while flying with a passenger at  
Brooklands. A sudden gust of wind  
dashed his machine to the ground,  
killing him instantly. His companion  
escaped uninjured.

JOHN JACOB ASTOR.

Is Engaged to Marry  
Young New York Girl.

JOHN J. ASTOR TO WED AGAIN

Will Be Married to Madeline Force of  
New York.New York, Aug. 3.—Announcement  
is made of the engagement of Colonel  
John Jacob Astor, divorced from his  
first wife about a year ago, to Miss  
Madeline Talmage Force, aged eight-  
teen, daughter of William H. Force, a  
wealthy man. Colonel Astor was mar-  
ried to Miss Ava Willing of Philadel-  
phia in 1891. There are two children,  
Miss Ava Alice Astor, and William  
Vincent Astor.It is understood that the wedding  
will take place early in the fall and  
that immediately afterwards the  
couple will start on a round the world  
wedding trip.WHITE EARTH PROBE  
HALTS TEMPORARILYCommittee Adjourns Subject to  
Call of Chairman.Washington, Aug. 3.—At the con-  
clusion of the day's meeting of the  
committee on expenditures in the in-  
terior department the investigation of  
conditions on the White Earth agency  
was practically completed for the  
present. The committee adjourned  
subject to the call of the chairman. It  
is believed no other witnesses will be  
heard in the White Earth case until  
October or November.Only two witnesses were heard. One  
was a Chippewa Indian girl, Isabel  
Warren, who told how she was in-  
duced to sell her land for \$300, only  
\$100 of which she has received so far.  
She said that the purchaser of the  
land had also taken the trust patent  
to her mother's allotment to be held  
until Isabel was of age, so that in  
case he had to forfeit the girl's land  
he would still have control of the  
mother's property.The other witness was Albert L.  
Thompson, a lawyer of White Earth.  
He appeared as a representative of  
the commercial bodies of Detroit,  
Mahnomah, Waubesa and other com-  
munities. He declared that business  
had been prostrated by the indis-  
criminate suits brought by the govern-  
ment against purchasers of White  
Earth land.

ARE BOMBARDED BY HAIL

Stones as Big as Hens' Eggs Pelt Ot-  
ter Lake, Mich., Settlers.Houghton, Mich., Aug. 3.—Farmers  
arriving here from the settlement of  
Otter Lake reported that a severe  
hail storm, which extended over that  
part of Michigan, amounted to bomb-  
ardment. Some stones were as large  
as hens' eggs and drove people to  
shelter. One farmer showed a large  
lump on his head as his souvenir of  
the shower, a big stone having almost  
struck him. One man was injured  
in a runaway resulting when a horse  
was struck by heavy hail stones.

Bob Burdette's Aside.

When Bob Burdette was addressing  
the graduating class of a large eastern  
college for women, he began his re-  
marks with the usual salutation,  
"Young ladies of '07." Then in a hor-  
rific aside he added, "That's an aw-  
ful age for a girl!"—Lippincott's.

CALLS BRYAN A FALSIFIER

Alabama Congressman Declares That  
Nebraska's Interview Charging Him  
in Recent Caucus of Defeating a  
Resolution to Revise the Iron and  
Steel Schedule Is Absolutely Untrue  
From Beginning to End.Washington, Aug. 3.—The Demo-  
crats of the house of representatives  
repudiated William J. Bryan and the  
things for which he stands. Amid  
scenes of wild excitement they de-  
throned their ancient idol and elevat-  
ed Representative Oscar Underwood,  
the ways and means chairman and  
majority leader, to his place.The inevitable effect of this, say the  
wise politicians, will be to give  
marked impetus to the Harmon presi-  
dential boom. It cannot be otherwise.  
It is pointed out, inasmuch as Bryan  
and Harmon and Bryan and Under-  
wood are irreconcilably on the "outs,"  
while Underwood and Harmon are  
both conservatives, ready to unite for  
the common good against those radical  
policies, which, enunciated by the  
Nebraskian, have, in their opinion,  
wrecked the party the three times he  
made the race.The unexpected and dramatic dem-  
onstration made it quite apparent that  
Underwood is the biggest man in the  
house of representatives, not excepting  
the speaker. This means that he  
will be a big factor in selecting the  
party standard bearer in 1912. He will,  
of course, be the first choice of the  
Alabama delegation, but there are the  
best of reasons for believing that Har-  
mon will be next on the list. Ken-  
tucky will be for Underwood, with  
Harmon next, Indiana will be for Mar-  
shall, with Harmon next, and New  
York probably for Harmon in the first  
instance.

Bryan a Negligible Factor.

Taken all in all it seems quite prob-  
able that the proceedings in the house  
will have a more important and last-  
ing effect upon the big incidents of  
next year than can now be estimated.  
Certainly every phase of the demon-  
stration indicated that Bryan, so far  
as the house of representatives is con-  
cerned, is a negligible factor.During all the excitement Speaker  
Clark sat in the presiding officer's  
chair apparently forgotten. He nodded  
his head when Underwood declared  
that he had never been on the "outs"  
with the speaker and that there was  
no possibility that he ever would be,  
over the tariff or anything else. But it  
is not considered probable that Mr.  
Clark feels any too happy over the ab-  
solute repudiation by the Democratic  
side of Bryan, who has long been his  
idol and who, it is understood, is ex-  
tremely favorable to him as the Demo-  
cratic presidential nominee next year.  
The remarkable scene in the house  
had its beginning when Mr. Under-  
wood, rising to a question of personal  
privilege, declared that Mr. Bryan's  
authorized interview, given out in Lin-  
coln, was a falsehood from beginning  
to end.In that interview Mr. Bryan charged  
that at the recent Democratic caucus  
on the cotton bill Mr. Underwood, ow-  
ing to his financial interest in the iron  
and steel industry, had defeated a  
resolution proposing the revision of  
this schedule, that he had put himself  
at the head of the opposing forces to  
Speaker Clark's tariff program and  
that he was on the outs with the lat-  
ter.

House Rocks With Applause.

It was apparent from the very be-  
ginning that the house was entirely  
in sympathy with Mr. Underwood.  
For five minutes after he rose to his  
feet and announced that he intended  
to answer the Bryan charges the hall  
of the house rocked with applause.  
The untutored Democracy shouted,  
screamed, waved handkerchiefs, clapped  
its hands and stamped its feet.Then, as the majority leader pro-  
ceeded with his statement branding  
the Bryan arraignment as a lie born  
of the differences between Bryan and  
Underwood, over the wool schedule  
and proving, not only by his own state-  
ment but by testimony of his col-  
league on the ways and means com-  
mittee that he repeatedly attempted  
to obtain revision of the iron and steel  
schedule ahead of cotton and wool,  
the Democratic side went crazy.Not a voice was raised in Mr. Bryan's  
defense. Even Claude Kitchen,  
the man mentioned in Bryan's inter-  
view who would substantiate his at-  
tacks on Underwood, repudiated the  
Nebraskan absolutely, declaring there  
was not a word of truth in his charges  
against the majority leader and sug-  
gested that he was the "most badly  
misinformed man in the all wide  
world."At the conclusion of Mr. Under-  
wood's statement he was forced to  
hold an impromptu reception on the  
floor of the house, while practically  
every member on the Democratic side  
filed by to congratulate him and  
shake his hand.Looks That Way.  
"I put my foot right down on the  
whole business."  
"You V-toed it, eh?"

REVISE THE STEEL SCHEDULE

Possible Result of Bryan-Underwood  
Controversy.Washington, Aug. 3.—As a result of  
the charges and counter charges be-  
tween Democratic Leader Underwood  
and William J. Bryan over Under-  
wood's position on the iron and steel  
schedule it is said to be possible a re-  
vision of these schedules will be  
added to the Democratic program for  
this session.Leaders in both houses of congress  
believe an agreement will be reached  
quickly on both the wool and farmers'  
free list bills, both of which the pre-  
sident is said to be as determined as  
ever to veto.CALLS TAFT HONEST  
BUT TOO CREDULOUSDemocrat Declares President Has  
Mournful Comforters.Washington, Aug. 3.—Declaring that  
he desired to defend President Taft  
because the president "has no one in  
his own party to say a word in his be-  
half," Representative Burnett of Ala-  
bama, Democrat, said in the house  
that "the only trouble with the pre-  
sident is, being honest himself, he is too  
credulous.""No honest man, as I believe Mr.  
Taft is," Mr. Burnett said, "ever had  
such mournful comforters since the  
days of Job. I have no doubt that his  
daily prayer is that Wickersham and  
Hitchcock will do as Ballinger did."Mr. Burnett said Secretary of Agri-  
culture Wilson was another honest  
man to fall a victim to bad advisers  
and that consequently the downfall of  
Dr. Wiley, "who has so often stood  
between murders and the people," had  
almost been accomplished.

MAINE VICTIM IDENTIFIED

Bones of Assistant Engineer Merritt  
Among Those Recovered.Havana, Aug. 3.—The bones found  
in the wardrobe of the battleship  
Maine, which were believed to be the  
remains of Assistant Engineer Mer-  
ritt, were fully identified. The identifi-  
cation was based on the configura-  
tion of the skull.The bones were discovered at the  
precise spot at which Midshipman  
Boyd testified he and Merritt had been  
separated by the rush of water while  
struggling to make their way from the  
junior officer's wardrobe to the main  
deck.Many personal effects were found,  
including Lieutenant Jenkins' revolv-  
er with his name engraved on it, one  
shotgun, cutlasses and rifle and a  
quantity of minor objects.

Stork's Visits Become Fewer.

Pasadena, Cal., Aug. 3.—This city,  
said to be the home of more wealthy  
people than any of its size in the  
world, is facing a baby famine. Statis-  
tics for July show that forty-eight  
little strangers came to gladden the  
hearts of its 40,000 inhabitants. Local  
health authorities say that 200 babies  
per month would be a minimum nor-  
mal estimate.

Has Been Punctured.Duluth, Aug. 3.—"The whole cooked  
up diabolical plot has been punc-  
tured," declared Edward Hines, pres-  
ident of the Virginia and Rainy Lake  
company here, in discussing the Lor-  
imer probe."I left Washington Monday night,"  
he said, "and the testimony offered  
there, all of which was strongly cor-  
roborative, absolutely disproves the  
charges made."

Five Million Mark Passed.

New York, Aug. 3.—The population

MACLEAN LEAVES IOWA "U"

Retiring President Will Sail on Aug.  
12 for Scotland.Iowa City, Ia., Aug. 3.—President  
George E. MacLean, for the last  
twelve years head of the State Un-  
iversity of Iowa, has delivered the  
keys of the state university to "Uncle  
Jimmie" Berry, keeper of Iowa field,  
and thus ended his connection with  
the university as the executive head.  
He left at once for Troy, N. Y., and  
on Aug. 12 will sail for Scotland,  
where he will spend the fall and win-  
ter in study and travel. Mrs. Mac  
Lean will accompany him.  
President Elect John G. Bowman  
took charge of the university.

SHOP EMPLOYEES TO STRIKE

Two Hundred Men May Quit Rock  
Island at Valley Junction.Valley Junction, Ia., Aug. 3.—Unless  
the management of the Rock Island  
railway will consent to recognize the  
Federation Trades union, composed of  
the machinists, boiler-makers, car men  
and the helpers of the first two or-  
ganizations, not later than Friday, a  
general strike of shopmen at Valley  
Junction is threatened.While the company is understood to  
have no objection to treating with re-  
presentatives of each union mentioned  
it has refused for several months to  
extend recognition to the same unions  
in a federated capacity.The controversy has been the sub-  
ject of negotiations between the com-  
pany and the employees for several  
months, but to date without definite  
results. More than 200 men are af-  
fected.

TRIP OF GARY AND FRICK

Steel Corporation Officials Took Mid-  
night Train From New York During  
Financial Panic of 1907 to See Pres-  
ident Roosevelt Regarding Taking  
Over the Tennessee Coal and Iron  
Company.New York, Aug. 3.—When Judge El-  
bert H. Gary and Henry C. Frick of  
the United States Steel corporation  
took a midnight train from New York,  
during the financial panic of 1907, to  
see President Roosevelt in Washing-  
ton about the taking over of the Ten-  
nessee Coal and Iron company by the  
steel corporation in order to avert the  
crash of the brokerage firm of Moore  
& Schley, Grant B. Schley, one of the  
most interested participants in the  
proposed transaction, knew nothing  
about the White House expedition.Mr. Schley, who was one of the or-  
ganizers of the Tennessee Coal and  
Iron syndicate and its associate man-  
ager, so informed the house commit-  
tee of inquiry into the affairs of the  
steel corporation. He further sur-  
prised the committee by the admis-  
sion that he could not say whether  
the transfer of Tennessee Coal and  
Iron stock, upon which the brokerage  
firm had made heavy loans, was the  
means of preventing the financial de-  
mise of his brokerage business.Though denying any knowledge of  
the existence of an alleged conspiracy  
on the part of J. Pierpont Morgan and  
his interests of the United States  
Steel corporation, or both, to discredit  
Tennessee Coal and Iron stock so  
that the steel corporation could ac-  
quire the vast holdings of ore and  
coal in the Birmingham district Mr.  
Schley averred that when the trans-  
fer of Tennessee stock to the steel  
corporation was suggested, in order to  
clear up a bad money situationin New York, he had pictured to  
George W. Perkins, a member of the  
finance committee of the steel cor-  
poration, how Tennessee Coal and  
Iron would be of enormous value to  
his corporation; how its vast ore and  
coal holdings were invaluable and  
how its acquisition would enable the  
corporation to enter the Southern  
steel market actively.Representative Martin W. Littleton  
interrogated Mr. Schley for hours and  
was followed by Representatives Stan-  
ley, chairman; Young of Michigan,  
Sterling of Illinois, Bartlett of Georgia  
and other members of the committee.  
After inquiring into the preliminary  
history of conditions which led up to  
the sale in 1907 Mr. Littleton asked  
Mr. Schley if he had, prior to the ne-  
gotiations which are now a matter of  
history, gone to J. Pierpont Morgan  
and disclosed to him his control of  
Tennessee Coal and Iron company stock."I never did," Mr. Schley replied.  
"Now, Mr. Schley, there has been  
much conflicting opinion about the sit-  
uation. Was the firm of Moore &  
Schley facing failure at the time of  
this transaction?""The situation was serious. No one  
could tell what the morrow would  
bring forth."  
"Were you involved more than other  
brokers?"  
"Our loans were more extended  
than they ought to have been."

TO MAKE THE LINES PAY UP

Secretary Fisher Revives Old Bureau  
of Railroads.Washington, Aug. 3.—The old bu-  
reau of railroads, which was estab-  
lished in the interior department in  
the early eighties for the purpose of  
looking after the earnings of railroads  
that received financial assistance from  
the government, was revived by Sec-  
retary Fisher. About fifteen railroads  
are affected by the order.No reports of the gross and net  
earnings have been received from  
these roads since 1904 and an attempt  
will be made to have them submit  
their back data. Congress, since 1904,  
has failed to make an appropriation  
for the maintenance of the bureau and  
it was allowed to drop into obscurity.  
The government is entitled to 5 per  
cent of the net earnings of these roads  
and the reports to be submitted will  
enable it to ascertain what amount is  
due.

MURDERED MAN IDENTIFIED

Victim of Slayer at Le Sueur Charles  
Allen of Vermont.Le Sueur, Minn., Aug. 3.—The har-  
vest hand murdered at Le Sueur was  
Charles Allen, it was learned. He  
was born in Vermont and had two  
wealthy married sisters living at or  
near Chicago, one of whom is the wife  
of an architect.  
Hall Green, colored, seventeen years  
old, of Le Sueur, now says that the  
man who is in custody here is the  
murderer and that by his orders Green  
helped him drag the body to the rail-  
road track.

A Hard Part.

Being the father of a genius is al-  
most as humiliating as being the hus-  
band of one.—Chicago Record-Herald.

Employees of the Krupp works in Germany can easily be distinguished even when attired in Sunday clothes. Every workman in his enrollment is presented with a curiously fashioned scarfpin composed of a miniature artillery shell made of platinum and set in silver. After twenty years' service he receives a second pin, modeled in the same lines and mounted in gold. The higher grades of employees, including the engineers and those employed in the counting house, wear their shells in the form of sleeve links. The workmen are very proud of this distinction, which they call the order of the shell and wear on every possible occasion.

### Size of the Roman Empire.

According to the historian, Gibbon, the Roman empire "was above 2,000 miles in breadth, from the walls of Antonius and the northern limits of Decia to Mount Atlas and the Tropics of Cancer; that it extended in length more than 3,000 miles, from the western ocean to the Euphrates; that it was situated in the finest part of the temperate zone, and that it was supposed to contain above 1,600,000 square miles."

According to this, the Roman empire was considerably smaller than the United States, the area of which (leaving out Alaska and the Islands) is nearly 3,000,000 square miles or almost twice as big as was the empire of the Caesars.

**Why Sothern Was Named Edward.** Edward H. Sothern, the actor, was to have been named "Edwin," after Edwin Booth, the tragedian. And just before Booth passed away he told the young actor why it was that he did not have his name.

"When you were born in New Orleans your father telegraphed me to become godfather and that you were to be named Edwin—after me. Your father was a splendid and brilliant man, but rather wild in his tendencies at times, and I was a little afraid to assume the responsibility of godfather to his son, so I declined. I am sorry now. But that is why you are called Edward instead of Edwin."—Ladies' Home Journal.

### Pretty Near Right.

"Papa," said small Harold, "why is it you say a long prayer and I say a short prayer?"

"Because you are not old enough to learn a long prayer, Harold," he replied.

"Oh," said the little fellow, "I thought it was 'cause I wasn't big enough to be as wicked as you are."—Chicago News.

### DOING ONE'S DUTY.

Let us do our duty in our shop or our kitchen, the market, the street, the office, the school, the home, just as faithfully as if we stood in the front of some great battle and we knew that victory for mankind depended on our bravery, strength and skill. When we do that, the humblest of us will be serving in that great army which gloriously achieves the welfare of the world.—Theodore Parker.

### Monster Mosquitoes.

The late Henry Guy Carleton, the noted playwright, lived at Atlantic City, and, when the mosquitoes were bad, he would tell his Madras mosquito story.

"There are no mosquitoes," he would begin, "in Brittany, and a Breton woman, about to emigrate to Madras, was warned by a friend:

"Beware of the Madras mosquitoes. They have long suckers hanging from their heads, and they will draw the very lifeblood out of you."

"The Breton woman arrived in Madras duly, and, as she disembarked, she saw three elephants drawn up near the pier.

"Ciel!" she cried. 'Are these mosquitoes?"

### Emptying a Bottle.

To empty a bottle, especially a large one, quickly, it should be held inverted over the receptacle into which the contents are to be turned. Then, while the neck is held in a steady position, the bottom of the bottle should be given a rotary motion. This will form a small whirlpool that will admit air to the space vacated by the liquid and cause it to run freely from the bottle.

"Ciel!" she cried. "Are these mosquitos?"

### Emptying a Bottle.

To empty a bottle, especially a large one, quickly, it should be held inverted over the receptacle into which the contents are to be turned. Then, while the neck is held in a steady position, the bottom of the bottle should be given a rotary motion. This will form a small whirlpool that will admit air to the space vacated by the liquid and cause it to run freely from the bottle.

## BOUND OVER TO GRAND JURY

W. or W. H. Blake, Alleged Financier, Now Sitting in Jail At Aitkin

## COULD NOT FURNISH BONDS

Patrick Hines, of Duluth, Buys Tract of 8,500 Acres in Aitkin County on Range

Aitkin, Minn., August 3, 1911.—W. Blake, of W. H. Blake, as he is also known, charged with issuing checks on a bank in which he had no accounts, was placed under \$800 bonds, and failing to furnish bonds, he was remanded to jail to await the action of the grand jury. Blake was brought from Fargo. In addition to the Aitkin transaction he owes board, auto and livery bills and other debts at Deerwood and other places incurred on the strength of a Cuyuna range electric railway he was bogusly promoting. While in jail he spends his time singing and as he has a good baritone voice and is acquainted with many popular songs he gives quite a concert.

A big land transaction was put through in Duluth this week in the passing of a deed from Wheelock & Wheelock, of Fargo, to Patrick Hines and associates of 8,500 acres on the eastern extension of the Cuyuna range, at a consideration of \$65,000. The block is located in township 50, range 24, Aitkin county, between 12 and 15 miles northeast of Aitkin. It is stated that promising outcroppings have been found on the property, and that the purchasing syndicate proposes to organize a company to thoroughly prospect and develop it if the results of the drilling operations about the be undertaken prove up to expectations. Mr. Hines' intentions are, it is alleged, to establish a model farm on a portion of the land, said to be rich agriculturally.

### Answering the Dean.

The man whom Thackeray calls "the greatest wit of all time"—Dean Swift of St. Patrick's cathedral, Dublin—was as ready to take as to make a retort. "Why don't you doff your hat to me?" he asked a small boy who was coaxing along an obstreperous goat. "I will," said the lad, "if your honor will hold the goat's horns!" an answer that delighted the dean.

## PROSPECTUS OF ACADEMY

New Catholic Educational Institution Nearing Completion—School Opens in Sept.

The Missionary Franciscan Sisters, who are erecting the school for girls at Belle Prairie, have prepared the prospectus of the school. The building is fast nearing completion and it is planned to have everything in readiness early in September. The prospectus, as issued, is as follows:

Academy of Our Lady of Angels. The prospectus of this new boarding school for young girls is respectfully presented to the public. This institution, conducted by the Missionary Franciscan Sisters, is situated in a beautiful and pleasant locality, in Belle Prairie, near the Mississippi river, four miles north of Little Falls, Morrison county, Minnesota.

The building is constructed of white brick, trimmed with Chaska stone, on a basement of stone. All the modern improvements and conveniences, such as water works, electric light, hot water heating, telephone, fire escapes, etc., concur to offer to the children a safe and nice home, a cheerful house of studies.

A grove of 20 acres surrounds the building. It is limited at one end by the Mississippi, at the other by the highway. The situation of the Academy four miles from the city of Little Falls, offers to the children of the institution the double advantage of a country home and of city conveniences. It is far enough to enjoy and benefit by the invigorating and pure atmosphere of a country place, and close at hand to skillful science and merit in liberal progressions and trade.

The system of education is so arranged as to enlighten in the faith, to cultivate the heart, develop the mind, and refine the character. Prompted to the practice of all virtues, by the continual and daily examples of self-sacrificing teachers, sustained and encouraged by kind advice, comforted by motherly care and love, uprooting defects, pruning and watering the good qualities and virtues in her heart, chiseled by a firm and mild discipline, the child is expected to return home a more virtuous, brighter and more lovable daughter. The institution, as distinctly Catholic under the management of the Sisters, offers the opportunity of a good knowledge of Christian doctrine.

Pupils of all denominations are received, but for the sake of uniformity and good discipline all pupils are required to be present at the public religious exercises. At present pupils from the first grade to the eighth grade inclusive only will be received.

### CURRICULUM

First to eighth grade (inclusive)

Christian doctrine, reading, spelling, writing, (Palmer method) drawing, grammar, composition, sacred history, United States history, elements of civil government, geography, arithmetic, physiology and class singing.

All branches are taught in the English language, German, French and Italian languages are taught if desired.

### DIRECTORY

Location—Academy of Our Lady of Angels is located at Belle Prairie, four miles north of Little Falls, county seat of Morrison county, Minnesota, on the Northern Pacific railway, 5 minutes from station.

Mail—All mail matter should be addressed thus: "Our Lady of Angels Academy, R. R. No. 4, Little Falls, Morrison Co., Minn. Express and freight to Belle Prairie. Telegrams, telephone as above.

Remittances—To the Sister directress.

Inquiries—Of all kinds should be directed to the Sister directress.

The reason which impelled the Missionary Franciscan Sisters to moderate in their charges is: That they wish to reach a class of children whose parents have fair means.

The Sister directress of studies, as well as the other teachers, are persons of experience in teaching and fully equipped for the diverse duties assigned to them.

## TIE VOTE ON COUNCILMAN

Deerwood Village Council Splits Even in Attempt to Elect New Trustee

## PEDER LARSON HAS RESIGNED

Road Question to be Aired on Aug. 21st—School Items and Other Deerwood News

Deerwood, Minn., August 3, 1911.—The village council met on Tuesday evening and Peder Larson, who finds the pressure of business too great for him to attend the meetings, handed in his resignation which, on motion, was duly accepted. The question of electing a successor then came up and resulted in a tie vote and no trustee. John A. Oberg was nominated by Charles A. Benson. C. H. Adams was nominated by J. O. Hage. The roll call vote taken showed that Messrs. McCarville and Benson voted for Mr. Oberg and Messrs. Hale and Hage voted for Mr. Adams. The election will again be taken up at a subsequent meeting. The extension of a 66 foot driveway through blocks 15 and 6, being a continuation of Main street, will be thoroughly aired at a meeting of the council to be held on August 21. An ordinance for the preservation of public peace and good order received its first reading. The street commissioner was ordered to do no more work unless authorized by the council.

Conductor John L. Henderson of the Northern Pacific railway, arrested a drunken man on his passenger train Wednesday afternoon as the train was nearing Deerwood and the man was turned over to the Deerwood authorities. Marshal Lamey escorted him to the city lock-up. On the way over the man clamored that his baggage was on the train and that it was checked through to Duluth. He had his hearing Thursday morning and received the usual fine provided for such cases.

Charles Lieberman, of Bovey, was a business visitor Wednesday.

Wilson Bradley, of Bradleville, visited Deerwood Wednesday.

W. H. Cole, of Duluth, was in Deerwood this week attending to business matters.

Mrs. Miller entertained the Catholic ladies on Wednesday afternoon providing a most delicious luncheon.

Miss Helen Ball and Miss Barbara Patrick, of Duluth, are guests at the Archibald lodge.

Miss Susie Wilson, of Stevens Point, Wis., is visiting her brother, L. E. Wilson.

Mr. Harry Wilson, of Pequot, is visiting L. E. Wilson.

Rev. Elges, of Deerwood, Rev. M. L. Hestager and Attorney Halvorsen, of Brainerd, attended the moonlight excursion given by the Augsburg society last Thursday evening. Luncheon was served in the old school house. Sixty persons were present and all enjoyed a ride in the barge towed by the largest launch of the Inland Motor Boat Co. which made a trip around Serpent lake.

John H. Hill and son-in-law Primus Kreiter, of Duluth, are in Deerwood.

A drill is operating on the Stafford and Martin Oppgaard farms near Clearwater lake located about nine miles south of Deerwood.

Ira W. Smith and wife and daughter, of Duluth, are spending a vacation at Paul K. Wetzel's home near Serpent lake.

Miss Leonora Nubbe has resumed her place as stenographer at the Rogers, Brown Ore Co., offices.

Mr. and Mrs. A. K. Friedrich are expected home from Cleveland, O., this Sunday.

The Gus Carlson Exploration Co., of Hibbing, which has an office at Deerwood, is now operating five drills in sections 17 and 18-46-29.

Postmaster E. A. Wasserschiefer has added a section measuring 8 by 54 feet to his Federal building and the addition thus enlarges the jewelry store of C. B. Wright. The store has been repainted and handsomely furnished. It is illuminated by five 50 candle power lights and regulated by switch. Mr. Wright enjoys a fine business and will do still better by having more room to display his stock.

Vernon J. Price, of Duluth, was in town inspecting the Deerwood school which is in course of erection. The basement has been completed and bricklayers are working on the main floor. A large consignment of pressed brick arrived on Wednesday.

The school board will install an up to date heating and ventilating plant. Three electric motors will furnish motive power to keep the air in circulation and the system to be installed will be one which will meet with the full approval of state educational authorities. Air is driven by forced ventilation through a series of heated coils and the heat is so evenly distributed that no storm windows will be needed. There will be no dead air and no radiators.

M. D. Stoner was at Aitkin Wednesday evening attending to business matters.

P. Gough spent the day Wednesday fishing at the Patterson dock near Serpent lake and landed some big fish.

Thomas DeRoche, of Brainerd, has been engaged as an assistant by W. A. Guelker.

He Played the Ticker.

"I offered to let him have a hundred." "That would only be a drop in the bucketshop."—Life.

## DEPOT NEARLY BURNED

Cigarette Nearly Caused the Destruction of the Ancient Landmark in This City

The watchman at the Sixth street crossing extinguished in the early morning hours an incipient blaze which, if unchecked, would have destroyed the depot of the Northern Pacific railway.

A lighted cigarette had fallen between the planking of the platform near the ticket window and landed at the mouth of the coal chute. The fire charred some of the planks and the cross beam at the head of the chute.

### Attack Like Tigers

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists. tts

### SIX WERE ABSENT

Director Sykora States That He Was Compelled on That Account to Change Program

With six musicians, playing leading parts absent, Director Sykora was compelled to change the program as given in Wednesday's Dispatch. Rather than disappoint the large audience present substitutions were made and other pieces given, Mr. Sykora assisting the band by playing cornet.

This explanation was considered necessary and it is believed the public will have no objections to the sudden program change when it understands the difficulties the band labored under last evening.

### Thirty Years Together

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. Trial bottle free. Guaranteed by all druggists. tts

### Gubernatorial Amenities.

When Senator Bob Taylor was governor of Tennessee he received a letter from an inmate of the Missouri State penitentiary who alleged his name was also Taylor and, claiming kin with the governor, begged him to use all the influence of his high office to secure a relative in deep trouble.

Accordingly Governor Taylor addressed a letter to Governor Francis of Missouri as follows:

My Dear Governor Francis—You've got a fellow named Taylor in your penitentiary who says he's a relative of mine. If you can see your way clear to do it I wish you would pardon him, and if any of your kindfolk ever get in the Tennessee pen I'll return the favor. Yours,

ROBERT TAYLOR, Governor.

### To the Public

The management of the Ideal cafe wishes to announce that commencing with Sunday, August 6th, they will continue to serve a table d'hote dinner from 12 to 2 P. M. for 35 cents. This will in no way interfere with our short order service. A continuance of the liberal patronage which we have heretofore enjoyed is respectfully solicited.

W. T. LARRABEE.

### A Legal Opinion.

It was at a reception, and the lady, who had been reading up on health culture, mistook Lawyer Williams for his brother, the doctor.

"Is it better," she asked confidentially, "to lie on the right side or the left?"

"Madam," replied the lawyer, "if one is on the right side it often isn't necessary to lie at all."—Success Magazine.

Special points are given from time to time for special things. Each night the record of the tent is given, and special honors are awarded the highest tent.

It is also an honor to win a place on the Camp Miller hall of fame. A vote is taken on the following things, and the hall of fame occupies a prominent place in the club room: most popular boy, best athlete, most generous boy, brightest boy, boy with biggest pull, heavenly twins, boy who has done most for the camp, best natured boy, most popular song, best table manners, favorite game, neatest boy, hardluck boy, mascot.

The following prizes are awarded: Silver medal to the boy who wins the most points. He is voted the best all-round camper.

Camp Miller pennants to the champion athlete and swimmer in both divisions, senior and junior.

Pins to the members of the prize tent.

Camp Miller pennant to the boy catching the largest fish.

Camp Miller pennant to the boy taking the best group of camp pictures.

Pins to the tent that turns in the best string of cleaned fish.

Pennant to the quilt champion, senior and junior.

Pennant to the first boy learning to swim. Watch fob to the boy who learns to swim at camp and who makes the best progress while there.

Camp Miller is not a place to simply pass away the time. The day's program is well planned with healthful activities that have an educational as well as a pleasure value. Short courses are conducted in first aid to the injured, a boy's course, nature study, personal hygiene, lessons in life saving and resuscitating, a dark room and studies on how to develop and print pictures.

A paper is published and edited by boys. There is a camp bank, and real checks are used. The library contains books of useful information about outdoor life. No boy can attend Camp Miller and not come back benefited. Secretary Norman D. McLeod, who has had charge of Camp Miller for the past seven years, is the director again this season. He is assisted by Mr. Batchelor, physical director, and a number of older boys and young men who will act as leaders.

## TIE VOTE ON COUNCILMAN

Deerwood Village Council Splits Even in Attempt to Elect New Trustee

## PEDER LARSON HAS RESIGNED

Road Question to be Aired on Aug. 21st—School Items and Other Deerwood News

Deerwood, Minn., August 3, 1911.—The village council met on Tuesday evening and Peder Larson, who finds the pressure of business too great for him to attend the meetings, handed in his resignation which, on motion, was duly accepted. The question of electing a successor then came up and resulted in a tie vote and no trustee. John A. Oberg was nominated by Charles A. Benson. C. H. Adams was nominated by J. O. Hage. The roll call vote taken showed that Messrs. McCarville and Benson voted for Mr. Oberg and Messrs. Hale and Hage voted for Mr. Adams. The election will again be taken up at a subsequent meeting. The extension of a 66 foot driveway through blocks 15 and 6, being a continuation of Main street, will be thoroughly aired at a meeting of the council to be held on August 21. An ordinance for the preservation of public peace and good order received its first reading. The street commissioner was ordered to do no more work unless authorized by the council.

Conductor John L. Henderson of the Northern Pacific railway, arrested a drunken man on his passenger train Wednesday afternoon and the train was turned over to the Deerwood authorities. Marshal Lamey escorting him to the city lock-up. On the way over the man clamored that his baggage was on the train and that it was checked through to Duluth. He had his hearing Thursday morning and received the usual fine provided for such cases.

Charles Lieberman, of Boyer, was a business visitor Wednesday.

Wilson Bradley, of Bradleville, visited Deerwood Wednesday.

W. H. Cole, of Duluth, was in Deerwood this week attending to business matters.

Mrs. Miller entertained the Catholic ladies on Wednesday afternoon providing a most delicious luncheon.

Miss Helen Ball and Miss Barbara Patrick, of Duluth, are guests at the Grethald lodge.

Miss Susie Wilson, of Stevens Point, Wis., is visiting her brother, L. E. Wilson.

Mrs. Harry Wilson, of Penot, is visiting L. E. Wilson.

Rev. Elges, of Deerwood, Rev. M. L. Hestager and Attorney Halvorsen, of Brainerd, attended the moonlight excursion given by the Augsburg society last Thursday evening. Luncheon was served in the old school house. Sixty persons were present and all enjoyed a ride in the barge towed by the largest launch of the Inland Motor Boat Co. which made a trip around Serpent lake.

John H. Hill and son-in-law Prius Kreiter, of Duluth, are in Deerwood.

A drill is operating on the Stafford and Martin Oppgaard farms near Clearwater lake located about five miles south of Deerwood.

Ira W. Smith and wife and daughter, of Duluth, are spending a vacation at Paul K. Wetzel's home near Serpent lake.

Miss Leonora Nubbe has resumed her place as stenographer at the Rogers, Brown Ore Co. offices.

Mr. and Mrs. A. K. Friedrich are expected home from Cleveland, O., this Sunday.

The Gus Carlson Exploration Co., of Hibbing, which has an office at Deerwood, is now operating five drills in sections 17 and 18-46-29.

Postmaster E. A. Wasserzieher has added a section measuring 8 by 24 feet to his Federal building and the addition thus enlarges the jewelry store of C. B. Wright. The store has been repainted and handsomely furnished. It is illuminated by five 50 candle power lights and regulated by switch. Mr. Wright enjoys a fine business and will do still better by having more room to display his stock.

Vernon J. Price, of Duluth, was in town inspecting the Deerwood school which is in course of erection.

The basement has been completed and bricklayers are working on the main floor. A large consignment of pressed brick arrived on Wednesday.

The school board will install an up to date heating and ventilating plant. Three electric motors will furnish motive power to keep the air in circulation and the system to be installed will be one which will meet with the full approval of state educational authorities. Air is driven by forced ventilation through a series of heated coils and the heat is so evenly distributed that no storm windows will be needed. There will be no dead air and no radiators.

M. D. Stoner was at Aitkin Wednesday evening attending to business matters.

P. Gough spent the day Wednesday fishing at the Patterson dock near Serpent lake and landed some big fish.

Thomas DeRoche, of Brainerd, has been engaged as an assistant by W. A. Guelker.

He Played the Ticker.

## DEPOT NEARLY BURNED

Cigarette Nearly Caused the Destruction of the Ancient Landmark in This City

The watchman at the Sixth street crossing extinguished in the early morning hours an incipient blaze which, if unchecked, would have destroyed the depot of the Northern Pacific railway.

A lighted cigarette had fallen between the planking of the platform near the ticket window and landed at the mouth of the coal chute. The fire charred some of the planks and the cross beam at the head of the chute.

## Attack Like Tigers

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists. tts

## SIX WERE ABSENT

Director Sykora States That He Was Compelled on That Account to Change Program

With six musicians, playing leading parts absent, Director Sykora was compelled to change the program as given in Wednesday's Dispatch. Rather than disappoint the large audience present substitutions were made and other pieces given, Mr. Sykora assisting the band by playing cornet.

This explanation was considered necessary and it is believed the public will have no objections to the sudden program change when it understands the difficulties the band labored under last evening.

## Thirty Years Together

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. ## Gubernatorial Amenities.

When Senator Bob Taylor was governor of Tennessee he received a letter from an inmate of the Missouri State penitentiary who alleged his name was also Taylor and, claiming kin with the governor, begged him to use all the influence of his high office to secure a relative in deep trouble.

Accordingly Governor Taylor addressed a letter to Governor Francis of Missouri as follows:

My Dear Governor Francis—You've got a fellow named Taylor in your penitentiary who says he's a relative of mine. If you can see your way clear to do it I wish you would pardon him, and if any of your kinsfolk ever get in the Tennessee pen I'll return the favor. Yours, ROBERT TAYLOR, Governor.

## To the Public

The management of the Ideal cafe wishes to announce that commencing with Sunday, August 6th, they will continue to serve a table d'hote dinner from 12 to 2 P. M. for 35 cents. This will in no way interfere with our short order service. A continuance of the liberal patronage which we have heretofore enjoyed is respectfully solicited. 5015 W. T. LARRABEE.

## A Legal Opinion.

It was at a reception, and the lady, who had been reading up on health culture, mistook Lawyer Williams for his brother, the doctor.

"Is it better?" she asked confidentially, "to lie on the right side or the left?"

"Madam," replied the lawyer, "if one is on the right side it often isn't necessary to lie at all."—Success Magazine.

Special points are given from time to time for special things. Each night the record of the tent is given, and special honors are awarded the highest tent.

It is also an honor to win a place on the Camp Miller hall of fame. A vote is taken on the following things, and the hall of fame occupies a prominent place in the club room: most popular boy, best athlete, most generous boy, brightest boy, boy with biggest pull, heavenly twins, boy who has done most for the camp, best natured boy, most popular song, best table manners, favorite game, neatest boy, hardluck boy, mascot.

The following prizes are awarded: Silver medal to the boy who wins the most points. He is voted the best all-round camper.

Camp Miller pennants to the champion athlete and swimmer in both divisions, senior and junior.

Pins to the members of the prize tent.

Camp Miller pennant to the boy catching the largest fish.

Camp Miller pennant to the boy taking the best group of camp pictures.

Pins to the tent that turns in the best string of cleaned fish.

Pennant to the quilt champion, senior and junior.

Pennant to the first boy learning to swim. Watch fob to the boy who makes the best progress while there.

Camp Miller is not a place to simply pass away the time. The day's program is well planned with healthful activities that have an educational as well as a pleasure value. Short courses are conducted in first aid to the injured, a boy's course, nature study, personal hygiene, lessons in life saving and resuscitating, a dark room and studies on how to develop and print pictures.

A paper is published and edited by boys. There is a camp bank, and real checks are used. The library contains books of useful information about outdoor life. No boy can attend Camp Miller and not come back benefited. Secretary Norman D. McLeod, who has had charge of Camp Miller for the past seven years, is the director again this season. He is assisted by Mr. Batheclor, physical director, and a number of older boys and young men who will act as leaders.

NEWS OF THE CUYUNA RANGE

90,000 TONS ORE SHIPPED TO DATE

Kennedy Mine of Rogers, Brown Ore Co., at Cuyuna, has made Good Record so Far

SEASON'S SHIPMENTS LARGE

Estimated That at Least 200,000 Tons of Ore will be Sent to the Head of the Lakes

Cuyuna, Minn., August 3, 1911—It is estimated that approximately 90,000 tons of iron ore have been shipped to date by the Kennedy mine of the Rogers, Brown Ore Co., at Cuyuna to the Soo docks at Superior, Wis. The stock pile contained about 110,000 tons and the steam shovel is now engaged in loading directly from this stock pile to cars on the siding near by. At the same time ore is being hoisted from the shaft and loaded on to cars at the foot of the spouts or conveyors. Before the season is over it is approximately estimated by mining men that the Rogers, Brown Ore Co. will have made a total shipment of 200,000 tons of ore to Superior and thence on down over the lakes to Chicago and Cleveland and other points where the company's blast furnaces are stationed.

The score of Sunday's baseball game which Cuyuna and Aitkin played at Cuyuna was 3 to 2 in favor of Cuyuna.

WATCHMEN ON STEEL TOWERS

State Forestry Board Approves Proposition For Erection of Four Steel Towers

LAND FOR SITES NEEDED

Forest Ranger J. P. Saunders Reports Bog Fires in Platte Lake Township

The state forestry board has approved the proposition for the establishment of steel towers for watchmen who are to keep a lookout on fires and has ordered the erection of four towers in the vicinity of Brainerd.

All who have spoken about giving the state land for such tower sites should now come forward and do their part in installing this improvement which will in a great measure checkmate any serious blazes in this country.

These signal towers have also been installed by the state of Wisconsin and are a great aid in the prevention of forest fires. They are built on concrete bases to withstand any fierce winds which may sweep across the region. From the tower a view for almost 20 miles can be gained and a perfect lookout maintained over the country.

Forest Ranger J. P. Saunders reports further that a bad bog fire is raging on the southern line of Crow Wing county in Platte Lake township. He has men watching it and is also giving it his personal attention. Rain fell at two o'clock this afternoon and if it is widespread it will assist to check the flames.

MICHAEL FLYNN'S GOOD FORTUNE

His 120 Acres Two Miles North of Ironton are Rich in Ore Running up to 62 Per Cent

GORHAM-GARBETT LEASED IT

Flynn Receiving Cash Payments Now—Other News of Ironton and its Vicinity

Ironton, Minn., August 3, 1911—Michael Flynn is one of the lucky men of the Cuyuna iron range for his 120 acres situated in section 28-47-29 are rich in iron ore running as high as 62 per cent. The land is situated near a small lake which has been named Flynn's lake and is about two miles north of the town of Ironton. The land is under lease to the Gorham-Garbett Co., of Minneapolis, and surveys have been run to determine the best place to locate the mine. The tract is believed to contain from 60,000 to 100,000,000 tons of ore, enough anyway to make Mr. Flynn, who is a pleasant faced Irishman, so rich that he could buy quite a section of the Emerald Isle if he felt so disposed. There are, on this tract, also large deposits of manganese and graphite, both very valuable. "Graphite is estimated," said Mr. Flynn, "to be worth \$20 a ton in the ground and manganese at least \$100 a ton when cleaned above surface." One hole, down 850 feet, is still bottomed in ore.

William Rock, of Duluth, has lately removed some of his drills to section 22-47-29.

Miss Kleffman, of Hibbing, is visiting her uncle Ray Kleffman, the diamond setter of the Helmer Exploration Co.

William Seafeld, superintendent of the Helmer Exploration Co., is very busy watching his drills and is in and out of town so rapidly that not much of "Bill" as he is known, is visible.

John Helmer, the prominent mining man of Duluth, inspected his properties in and near Ironton this week. He has real estate holdings in the city and many mining investments in the vicinity.

Ed. Syverson, of Ironton, was a Brainerd visitor on Wednesday, transacting important business in the county seat.

GREAT ORE FIND NEAR CROSBY

George H. Crosby, Drilling on Option Contract, Strikes it Rich in Section 9-46-29

LEASED FROM SHAWMUT CO.

Third Mine Discovered by Him for Company of Which L. Roucheyau is President

Crosby, Minn., August 3, 1911—Another great ore strike has been heralded near the town of Crosby and the excitement occasioned by the discovery is intense. Lands which have been drilled on option by George H. Crosby in section 9-46-29 near Crosby have shown up remarkable deposits of iron ore of high grade quality and Mr. Crosby has closed a lease of nine forties from the Shawmut Co., of which Louis Roucheyau, of Minneapolis, is president. News of the strike was confirmed by Mr. Roucheyau, who in an interview at the Spalding hotel said he was gratified at the splendid showing made. Four drills are now at work proving up the property. The Shawmut Co. leases it to Mr. Crosby on a royalty basis, the exact amount of which has not been divulged. "This makes the third mine which Mr. Crosby has discovered for this company," said Mr. Roucheyau, "and all in the space of six months. It is a record unequalled on the Cuyuna iron range." Associated with Mr. Roucheyau in this company is Mr. W. M. Prindle, of Duluth. The discovery is most important for it means three more mines for the town of Crosby. Accompanying Mr. Louis Roucheyau on this visit to Crosby was W. A. Roucheyau, of Minneapolis.

The school board held a special meeting on Wednesday evening and adopted a resolution wherein they accepted two sites for school purposes, one to be erected in Crosby and one in Ironton. The Crosby site embraces lots 2, 3, 4, 5, 6 and 7 in block 3 of Central division donated by George H. Crosby and Charles Neimeyer. The Ironton site is donated by John H. Hill and wife of Duluth and Miss Agnes I. Lamb, of Deerwood.

At the school election held on Wednesday evening for the purpose of voting on the issuance of \$16,000 bonds for the construction of these two school houses, 56 votes were polled and not one dissenting vote was cast. Ironton as well as Crosby is now to have a modern, well equipped four room school.

George H. Crosby's beautiful residence is about completed and he expects to move in August 15.

Dr. A. C. Bosel has completed his building.

Mrs. Wray and daughter, Miss Kittle Wray, guests of Mr. and Mrs. R. R. Hudson, have returned home to Superior, Wis.

Contractor Chris Anderson has finished the large building he was erecting for Mr. Plutt, of Nashwauk and which will be used as a boarding house.

Miss Bessie A. Hart has returned from a visit with friends at Duluth. Crosby won from McGregor at last Sunday's ball game by the score of 12 to 4.

Mrs. Vernie Danewick, of Aitkin, will open her new drug store on Saturday, August 5, giving flowers and perfume to all the lady visitors.

Mrs. W. A. Guith hurt herself severely at Deerwood Wednesday evening when she fell while leaving the auto of her husband. She was badly bruised and fainted from the shock.

L. C. Kressal, of the Rogers, Brown Ore Co., of Deerwood, was a Crosby visitor recently.

Will LaBree, of Superior, traveling for a paper house, was in Crosby this week.

Frederick and Charles Crosby have returned home from Brainerd where they had their tonsils cut by Dr. W. Courtney at the Northern Pacific railway sanatorium, the operation proving a complete success. The boys are sons of M. F. Crosby.

A pool hall is to be placed in the Amundson building on the main floor.

Newman & Young have dissolved partnership and Mr. Newman will continue the business alone.

The Presbyterians have commenced active work organizing a church and intend to erect a church soon.

The residence of Capt. Anderson has been finished and this popular official of the Rogers, Brown Ore Co. has removed to his new and beautiful residence.

The assay office being built by C. J. O'Connell on First street south is nearly completed. Mr. O'Connell has most of the assaying on the Cuyuna range and in addition to an office at Crosby has one also at Deerwood.

Carpenters are busy placing the finishing touches to the roof of the new Soo depot. It will be the handsomest depot on the Cuyuna iron range when completed.

George H. Crosby is constructing a warehouse, 30 by 60 feet in size, in which he will store his drills and other machinery. It is situated in Lake Park division.

The brick work is about all completed on the First National bank and it is certainly a handsome structure and a credit to the town. Built of red brick and occupying a prominent corner on Main street it attracts the eye of every visitor. The interior furnishings are to be in keeping with the exterior and it will

rank as one of the handsomest banking buildings in this part of the state.

Mr. and Mrs. Charles Osterlund, of Deerwood, and Miss Susie Wilson, of Stevens Points, Wis., were Crosby visitors on Sunday.

J. R. Batchelor, of Camp Miller, was at Crosby Monday.

J. T. Murphy, editor of the Superior Telegram, of Superior, Wis., was at Crosby and vicinity this week inspecting his mining properties.

A. F. Cross, of Duluth, was at Crosby looking after his numerous mining interests.

Tom Cole, of Cole & McDonald, the noted copper king who is also interested in the Mesaba range, was at Crosby on Wednesday and with T. F. Cole drove about the range in an auto and examined the exploration work and mining being carried on. Mr. Cole is a member of the firm of Cole & McDonald, well known over the whole range.

On Friday, August 4, contracts will be let for the building of the water and sewer systems.

A. M. Odell, of Oelwein, Iowa, was a business visitor this week.

W. S. Pitt and B. B. Gaylord were at Randall on Wednesday.

M. F. Crosby is erecting an office on the corner of Main and First streets west.

On Monday evening 56 of the Y. M. C. A. boys and their two instructors arrived via the Soo line from Duluth and were transferred across the lake to their camping grounds, Camp Miller, by the Ingalls Motor Boat Co. In former years the party traveled on the Northern Pacific by way of Deerwood, but this year a change was made. The encampment embraces large tents and a main tent and American flags and the Camp Miller emblem are in evidence. The shute-the-shutes has been constructed and the boys are having oceans of fun. The camp can be plainly seen on the south shore of Serpent lake south of Crosby.

Miss Eva Miller and brother, Wilber Miller, who have been the guests of Miss Mabel Lovdahl, returned home in their automobile to Long Prairie. They had a very pleasant time at Crosby and expressed themselves as delighted with it.

Miss Ina Groetsch is visiting Miss Mabel Lovdahl. Miss Groetsch is of St. Paul and the girls on Wednesday took a canoe trip on Serpent lake and gathered an armful of water lilies.

There will be a dance at the Hyde block on Friday evening.

Miss Margaret Hudson will leave this week for a visit with friends at Duluth.

Ingalls Motor Boat Co. it is said, is to put up an automobile garage and machine shop, handling auto repair work and jobs from the mines and individuals.

J. P. McGuire has sold his pool hall.

Joe Picotte has sold his barber shop and returned to Duluth.

The James Nelson brick store is almost completed.

A. E. Blake is wiring the Brink Brothers buildings.

Archie McKay and William LaBlanc, of Superior, were Crosby visitors during the week.

The ten houses being erected in Crosby by George H. Crosby will be completed in two weeks and each one was rented even before construction was commenced.

## NEWS OF THE CUYUNA RANGE

### 90,000 TONS ORE SHIPPED TO DATE

Kennedy Mine of Rogers, Brown Ore Co., at Cuyuna, has made Good Record so Far

### SEASON'S SHIPMENTS LARGE

Estimated That at Least 200,000 Tons of Ore will be Sent to the Head of the Lakes

Cuyuna, Minn., August 3, 1911—It is estimated that approximately 90,000 tons of iron ore have been shipped to date by the Kennedy mine of the Rogers, Brown Ore Co., at Cuyuna to the Soo docks at Superior, Wis. The stock pile contained about 110,000 tons and the steam shovel is now engaged in loading directly from this stock pile to cars on the siding near by. At the same time ore is being hoisted from the shaft and loaded on to cars at the foot of the spouts or conveyors.

Before the season is over it is approximately estimated by mining men that the Rogers, Brown Ore Co. will have made a total shipment of 200,000 tons of ore to Superior and thence on down over the lakes to Chicago and Cleveland and other points where the company's blast furnaces are stationed.

The score of Sunday's baseball game which Cuyuna and Aitkin played at Cuyuna was 3 to 2 in favor of Cuyuna.

### WATCHMEN ON STEEL TOWERS

State Forestry Board Approves Proposition For Erection of Four Steel Towers

### LAND FOR SITES NEEDED

Forest Ranger J. P. Saunders Reports Bog Fires in Platte Lake Township

The state forestry board has approved the proposition for the establishment of steel towers for watchmen who are to keep a lookout on fires and has ordered the erection of four towers in the vicinity of Brainerd.

All who have spoken about giving the state land for such tower sites should now come forward and do their part in installing this improvement which will in a great measure checkmate any serious blazes in this country.

These signal towers have also been installed by the state of Wisconsin and are a great aid in the prevention of forest fires. They are built on concrete bases to withstand any fierce winds which may sweep across the region. From the tower a view for almost 20 miles can be gained and a perfect lookout maintained over the country.

Forest Ranger J. P. Saunders reports further that a bad bog fire is raging on the southern line of Crow Wing county in Platte Lake township. He has men watching it and is also giving it his personal attention. Rain fell at two o'clock this afternoon and if it is widespread it will assist to check the flames.

### MICHAEL FLYNN'S GOOD FORTUNE

His 120 Acres Two Miles North of Ironton are Rich in Ore Running up to 62 Per Cent

### GORHAM-GARBETT LEASED IT

Flynn Receiving Cash Payments Now—Other News of Ironton and its Vicinity

Ironton, Minn., August 3, 1911—Michael Flynn is one of the lucky men of the Cuyuna iron range for his 120 acres situated in section 28-47-29 are rich in iron ore running as high as 62 per cent. The land is situated near a small lake which has been named Flynn's lake and is about two miles north of the town of Ironton. The land is under lease to the Gorham-Garbett Co., of Minneapolis, and surveys have been run to determine the best place to locate the mine. The tract is believed to contain from 60,000 to 100,000,000 tons of ore, enough anyway to make Mr. Flynn, who is a pleasant faced Irishman, so rich that he could buy quite a section of the Emerald Isle if he felt so disposed. There are, on this tract, also large deposits of manganese and graphite, both very valuable. "Graphite is estimated," said Mr. Flynn, "to be worth \$20 a ton in the ground and manganese at least \$100 a ton when cleaned above surface." One hole, down 850 feet, is still bottomed in ore.

William Rock, of Duluth, has lately removed some of his drills to section 22-47-29.

Miss Kleffman, of Hibbing, is visiting her uncle Ray Kleffman, the diamond setter of the Helmer Exploration Co.

William Seafeld, superintendent of the Helmer Exploration Co., is very busy watching his drills and is in and out of town so rapidly that not much of "Bill" as he is known, is visible.

John Helmer, the prominent mining man of Duluth, inspected his properties in and near Ironton this week. He has real estate holdings in the city and many mining investments in the vicinity.

Ed. Syverson, of Ironton, was a Brainerd visitor on Wednesday, transacting important business in the county seat.

### Accused of Stealing

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from the boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists. tts

### GREAT ORE FIND NEAR CROSBY

George H. Crosby, Drilling on Option Contract, Strikes it Rich in Section 9-46-29

### LEASED FROM SHAWMUT CO.

Third Mine Discovered by Him for Company of Which L. Roucheyau is President

Crosby, Minn., August 3, 1911—Another great ore strike has been heralded near the town of Crosby and the excitement occasioned by the discovery is intense. Lands which have been drilled on option by George H. Crosby in section 9-46-29 near Crosby have shown up remarkable deposits of iron ore of high grade quality and Mr. Crosby has closed a lease of nine forties from the Shawmut Co., of which Louis Roucheyau, of Minneapolis, is president. News of the strike was confirmed by Mr. Roucheyau, who in an interview at the Spalding hotel said he was gratified at the splendid showing made. Four drills are now at work proving up the property. The Shawmut Co. leases it to Mr. Crosby on a royalty basis, the exact amount of which has not been divulged. "This makes the third mine which Mr. Crosby has discovered for this company," said Mr. Roucheyau, "and all in the space of six months. It is a record unequalled on the Cuyuna iron range." Associated with Mr. Roucheyau in this company is Mr. W. M. Prindle, of Duluth. The discovery is most important for it means three more mines for the town of Crosby. Accompanying Mr. Louis Roucheyau on this visit to Crosby was W. A. Roucheyau, of Minneapolis.

The school board held a special meeting on Wednesday evening and accepted two sites for school purposes, one to be erected in Crosby and one in Ironton. The Crosby site embraces lots 2, 3, 4, 5, 6 and 7 in block 3 of Central division donated by George H. Crosby and Charles Neimeyer. The Ironton site is donated by John H. Hill and wife of Duluth and Miss Agnes I. Lamb, of Deerwood.

At the school election held on Wednesday evening for the purpose of voting on the issuance of \$16,000 bonds for the construction of these two school houses, 56 votes were polled and not one dissenting vote was cast. Ironton as well as Crosby is now to have a modern, well equipped four room school.

George H. Crosby's beautiful residence is about completed and he expects to move in August 15.

Dr. A. C. Bosel has completed his building.

Mrs. Wray and daughter, Miss Kittie Wray, guests of Mr. and Mrs. R. R. Hudson, have returned home to Superior, Wis.

Contractor Chris Anderson has finished the large building he was erecting for Mr. Platt, of Nashauk and which will be used as a boarding house.

Miss Bessie A. Hart has returned from a visit with friends at Duluth. Crosby won from McGregor at last Sunday's ball game by the score of 12 to 4.

Mrs. Vernie Danewick, of Aitkin, will open her new drug store on Saturday, August 5, giving flowers and perfume to all the lady visitors.

Mrs. W. A. Guith hurt herself severely at Deerwood Wednesday evening when she fell while leaving the auto of her husband. She was badly bruised and fainted from the shock.

L. C. Kressal, of the Rogers, Brown Ore Co., of Deerwood, was a Crosby visitor recently.

Will LaBree, of Superior, traveling for a paper house, was in Crosby this week.

Frederick and Charles Crosby have returned home from Brainerd where they had their tonsils cut by Dr. W. Courtney at the Northern Pacific railway sanatorium, the operation proving a complete success. The boys are sons of M. F. Crosby.

A pool hall is to be placed in the Amundson building on the main floor.

Newman & Young have dissolved partnership and Mr. Newman will continue the business alone.

The Presbyterians have commenced active work organizing a church and intend to erect a church soon.

The residence of Capt. Anderson has been finished and this popular official of the Rogers, Brown Ore Co. has removed to his new and beautiful residence.

The assay office being built by C. J. O'Connell on First street south is nearly completed. Mr. O'Connell has most of the assaying on the Cuyuna range and in addition to an office at Crosby has one also at Deerwood.

Carpenters are busy placing the finishing touches to the roof of the new Soo depot. It will be the handsomest depot on the Cuyuna iron range when completed.

George H. Crosby is constructing a warehouse, 30 by 60 feet in size, in which he will store his drills and other machinery. It is situated in Lake Park division.

The brick work is about all completed on the First National bank and it is certainly a handsome structure and a credit to the town. Built of red brick and occupying a prominent corner on Main street it attracts the eye of every visitor. The interior furnishings are to be in keeping with the exterior and it will

rank as one of the handsomest banking buildings in this part of the state.

Mr. and Mrs. Charles Osterlund, of Deerwood, and Miss Susie Wilson, of Stevens Point, Wis., were Crosby visitors on Sunday.

J. R. Batchelor, of Camp Miller, was at Crosby Monday.

J. T. Murphy, editor of the Superior Telegram, of Superior, Wis., was at Crosby and vicinity this week inspecting his mining properties.

A. F. Cross, of Duluth, was at Crosby looking after his numerous mining interests.

Tom Cole, of Cole & McDonald, the noted copper king who is also interested in the Mesaba range, was at Crosby on Wednesday and with T. F. Cole drove about the range in an auto and examined the exploration work and mining being carried on. Mr. Cole is a member of the firm of Cole & McDonald, well known over the whole range.

On Friday, August 4, contracts will be let for the building of the water and sewer systems.

A. M. Odell, of Oelwein, Iowa, was a business visitor this week.

W. S. Pitt and B. B. Gaylord were at Randall on Wednesday.

M. F. Crosby is erecting an office on the corner of Main and First streets west.

On Monday evening 56 of the M. C. A. boys and their two instructors arrived via the Soo line from Duluth and were transferred across the lake to their camping grounds, Camp Miller, by the Ingalls Motor Boat Co. In former years the party traveled on the Northern Pacific by way of Deerwood, but this year a change was made. The encampment embraces large tents and a main tent and American flags and the Camp Miller emblem are in evidence. The shute-the-shutes have been constructed and the boys are having oceans of fun. The camp can be plainly seen on the south shore of Serpent lake south of Crosby.

Miss Eva Miller and brother, Wilber Miller, who have been the guests of Miss Mabel Lovdahl, returned home in their automobile to Long Prairie. They had a very pleasant time at Crosby and expressed themselves as delighted with it.

Miss Ina Groetsch is visiting Miss Mabel Lovdahl. Miss Groetsch is of St. Paul and the girls on Wednesday took a canoe trip on Serpent lake and gathered an armful of water lilies.

There will be a dance at the Hyde block on Friday evening.

Miss Margaret Hudson will leave this week for a visit with friends at Duluth.

Ingalls Motor Boat Co., it is said, is to put up an automobile garage and machine shop, handling auto repair work and jobs from the mines and individuals.

J. P. McGuire has sold his pool hall.

Joe Picotte has sold his barber shop and returned to Duluth.

The James Nelson brick store is almost completed.

A. E. Blake is wiring the Brink Brothers buildings.

Archie McKay and William LaBlanc, of Superior, were Crosby visitors during the week.

The ten houses being erected in Crosby by George H. Crosby will be completed in two weeks and each one was rented even before construction was commenced.
